Safety Group

# One Safety Solution

Justrite Safety Group offers industrial safety solutions and expert advice from our portfolio companies around the world.

We cover every facet of the industrial safety landscape — from the storage, containment and clean-up of hazardous materials to motion safety and emergency showers.

Whatever your needs, we can help you build the foundation of a safe, productive workplace.

## A Growing Justrite Family

In recent years we have grown, expanding Justrite Safety Group through the acquisition of other strong, valuable companies. Because of these exciting changes, we want to share our story with you—one of an unrivaled safety portfolio, expertise in environmental protection, a global network of brands, and a steadfast dedication to our customers' safety.

## Start with the Essential<sup>SM</sup>

The essence of our company is captured in a new tagline: Start with the Essential<sup>SM</sup>. At Justrite, everything starts with safety. Protecting people, property and the planet is our first and greatest responsibility. We provide the essential safety products you need to protect your workers and workplace.

Our company logo has recently evolved. The new logo honors our heritage in fire safety, while reflecting our expertise in containment and environmental protection.

# Enhancing Military Safety and Compliance with Justrite Safety Solutions

In the dynamic and demanding landscape of the military industry, ensuring safety and regulatory compliance is paramount. Justrite Safety Solutions stands as a reliable ally, providing a comprehensive range of products designed to meet the unique needs of military operations, from heavy-duty essentials built to withstand the most demanding conditions to portable versions that guarantee flexibility on the move.

## Chemical Safety Solutions

Ensuring the safety of personnel and assets is paramount when dealing with chemicals. Justrite offers a range of products designed for the safe management of hazardous substances, covering spill containment, storage, handling, and dispensing. Explore our diverse solutions to effectively minimize risks associated with the handling of hazardous materials.

## Job-site Safety Solutions

Ensuring the safety of personnel and assets is paramount when dealing with chemicals. Justrite offers a range of products designed for the safe management of hazardous substances, covering spill containment, storage, handling, and dispensing. Explore our diverse solutions to effectively minimize risks associated with the handling of hazardous materials.

## Facility Safety Solutions

In the military industry, safety extends to ground level, where safety mats play a critical role. These mats provide a non-slip surface, reducing the risk of accidents and injuries caused by slips or falls, especially in areas prone to spills or fluid exposure. Beyond slip resistance, some safety mats can offer ergonomic benefits, providing cushioning and support to personnel who may be standing for extended periods.
