PRODUCT INFORMATION BROCHURE

For over 70 years, the name Notrax[®] has meant superior quality, service, and innovative products. Now this brand is a cornerstone of Justrite Safety Group, offering the widest selection of products to a variety of markets and applications including entrance mats, anti-fatigue/safety mats, and products designed specifically for use in professional food service environments. Notrax[®] offers a complete selection of floor matting options to meet any application requirement, quality expectation, and budget.

- **Track record of manufacturing high quality mats for over seventy years**
- **All products are manufactured in ISO certified facilities**
- **Notrax[®] offers anti-fatigue matting, entrance matting, safety matting, food service matting and specialty mats designed for a variety of industries**

T56 - ULTRA MAT MAX™ is a heavier-duty version of the Ultra Mat™ made from a resilient rubber compound for greater resistance to greases and oils. Like Ultra Mat™, it has molded-in mat connectors for easy on-site custom configurations and longer lengths. An anti-slip surface increases traction in wet or greasy areas and multi-nib backing enhances the ergonomic support of the mat. It's large hole design provides excellent drainage removing liquids and debris from the worker platform. Ultra Mat Max™ has an available beveled ramp system to reduce trip hazards, allowing for easy access onto and off of the mat. Manufactured with MicroStop® anti-microbial rubber compound (Red only).

Material: General Purpose Rubber (Black) and Nitrile Rubber (Red)
