### ► Your inquiry concerning REACH

Dear Sir or Madam,

We support the aim of REACH to improve the protection of health and the environment.  
We follow and fulfil the requirements imposed on us by the REACH regulation, observe changes to the candidate list and regularly check our formulations for the presence of SVHC substances.  
We are pleased to confirm that our articles are REACH-compliant.  
On 17.01.2023 the SVHC list was extended by another nine substances to 233.  
In case that substances of the candidate list according to Article 59 (1) of the REACH Regulation (EC) No. 1907/2006 are present in our products in an amount of more than 0.1 % by mass, we will of course inform you separately and promptly.

We hope to have been of service to you and will be at your disposal for further questions and information.

Best regards

Heytex Neugersdorf GmbH
