Test object: Product: Plunger Can
Type: 10008, 10108, 10208, 10308, 14018, 10018, 10118, 10218, 10318

Test specification: PPP 52239A:2022
AfPS GS 2019:01 PAK

Purpose of examination:

- Inspection according to specified requirements to realize the conformity with the Produktsicherheitsgesetz - ProdSG, version July 27, 2021.
- Test according to the test specification to obtain a replacement certificate for the certificate Z1A 16 11 31484 023

Test result: The test results show that the presented Plunger Cans are **in compliance** with the specified requirements.

Any use for advertising purposes must be granted in writing. This technical report may only be quoted in full. This report is the result of a single examination of the object in question. It does not imply a general statement regarding the quality of products from regular production. For further details please see testing and certification regulation, chapter A-3.4.

1 Description of the test subject

For example, model 10308:

For example, model 14018:

1.1 Function

Manufacturer's specification for intended use:

Moisten cleaning cloths quickly and easily—smart-pump brings more liquid to the top and requires less time between refills.

Manufacturer's specification for predictive misuse:

Do not fill container past the fill mark.
Before using, tighten cover securely.

1.2 Consideration of the foreseeable misuse

- Not applicable
- Covered through the applied standard
- Covered by the following comment
Do not fill container past the fill mark.
Before using, tighten cover securely.
- Covered by attached risk analysis

1.3 Technical Data

Model	Dasher Ø [approx. mm]	Dimension Ø x height [approx. mm]	Capacity [approx. l]	Material Dasher
10008	70	124 x 133	0.5	Steel
10108	128	184 x 143	1.0	Steel
10208	128	184 x 200	2.0	Steel
10308	128	184 x 267	4.0	Steel
14018	140	140 x 210	1.0	Brass

Material: Steel, Brass and Ryton, power coated in red, inside tin coating
Model 14018: Container made of PE

Model	Dasher Ø [approx. mm]	Dimension Ø x height [approx. mm]	Capacity [approx. l]	Material Dasher
10018	70	124 x 133	0.5	Steel
10118	128	184 x 143	1.0	Steel
10218	128	184 x 200	2.0	Steel
10318	128	184 x 267	4.0	Steel

Material: Steel, Brass and Ryton, power coated in yellow, inside tin coating

Product Service

2 Order

2.1 Date of Purchase Order, Customer's Reference

21.09.2021, PR59422 – 01

2.2 Receipt of Test Sample, Location

24.02.2022, TÜV SÜD Product Service GmbH,
Daimlerstraße 40, 60314 Frankfurt am Main, Germany

2.3 Date of Testing

25.02.2022 – 19.04.2022
17.01.2023 – 17.04.2023

2.4 Location of Testing

TÜV SÜD Product Service GmbH,
Daimlerstraße 40, 60314 Frankfurt am Main, Germany

3 Test Results

3.1 Positive Test Results

- Mechanical safety
- PAH

4 Remark

The user manual has been examined according to the minimum requirements described in the product standard. The manufacturer is responsible for the accuracy of further particulars as well as of the composition and layout.

The decision rule according to IEC Guide 115:2021, section 4.4.3, 4.5.1 was applied during the test.

This technical report replaces the technical report 713068069 dated 06/03/2016.

The importer into the European market is the company Justrite Safety Group EMEA B.V. Achterzeedijk 57 Unit 1 2992 SB Barendrecht Netherlands.

In case of doubt the German version shall prevail.

4.1 Remarks to Factory

The assembly of the Plunger Cans have to comply with the documentation. Before the implementation of safety relevant modifications to the product into the ongoing production the product must be retested for assessment. The results must be implemented to the documentation and if necessary, the certificate must be updated.

Type 14018: no warning signs embossed. With the email of 27.02.2023, it was communicated that the warning sign "NO SMOKING" RM05784 will be affixed in the future. This must be checked during the next inspection of the production site.

5 Documentation

Documents provided by the customer:

- operating instruction RM08480 Rev. B from 04/17/2023
- operating instruction RM08482 Rev. E from 03/21/2023
- Justrite catalogue, Code 106 (1018), Part No. 25010
- Type labels
- Technical Drawings

Product Service

Documents produced by TÜV SÜD Product Service GmbH:

- Photo documentation 034-713229248-000 from 03/01/2022
- PAH Report CHEM_1808429 from 05/06/2022
- PAH risk assessment 034-713229248-000 from 05/09/2022
- Test Data Sheet 034-713229248-000 from 04/19/2022
- TRF 034-713229248-000 from 04/17/2023
- Technical report 713068069 dated 06/03/2016
- Certificate Z1A 16 11 31484 023

6 Summary

The test results show that the presented Plunger Cans are in compliance with the specified requirements.
