# Justrite Utili-Guard+™ Flammable Safety Cabinet

Enhanced Safety. Extra Capacity. Unmatched Organization. Total Compliance.

The Utili-Guard+™ Flammable Safety Cabinet is designed to address challenges faced by facilities that need to store flammable liquids securely and efficiently.

### Limited Internal Capacity & Clutter

Unlock 28% more storage with the Utili-Guard+™ flammable safety cabinet. Its deep, door-mounted design gives you more room for flammable liquids, without sacrificing internal capacity.

### Inefficient Access & Disorganized Storage

Our door-mounted, customizable storage keeps essentials front and center, no searching needed. Experience instant access and a streamlined, safer workflow.

### Compliance Risks

Avoid costly penalties and protect your team with Utili-Guard+™ flammable safety cabinet. Engineered for OSHA, NFPA, IFC compliance, and FM approved, it keeps storage safe, secure, and always inspection ready.

### Limited Floor Space

Revolutionize your space with our 2-in-1 design, maximized storage in a single, space-saving unit for all the capacity you need, without the clutter.

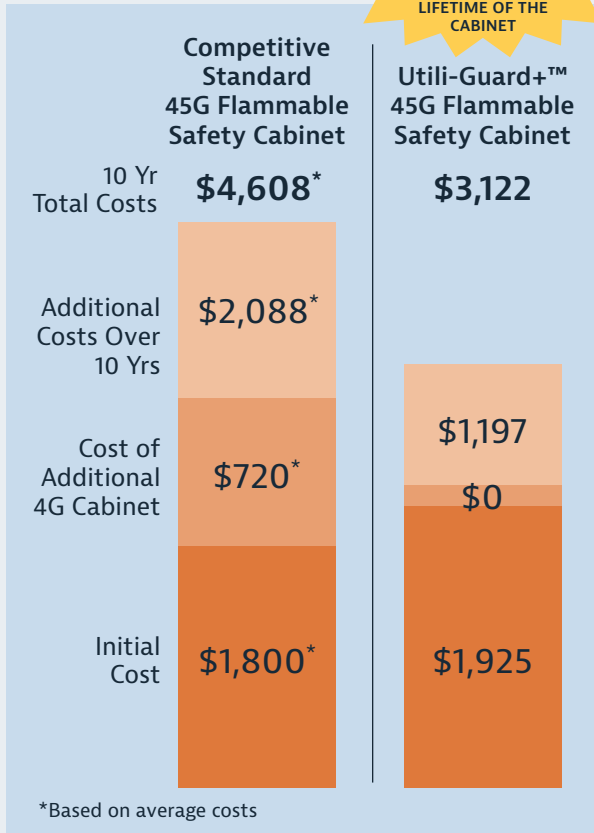

### Cost Concerns

Get more with Utili-Guard+™ cabinets, extra capacity and organization for just 2–3% more than standard cabinets.

Transform your workspace with the Utili-Guard+™ Flammable Safety Cabinet, where state-of-the-art safety meets fully customizable door storage. Its sleek, space-saving design replaces two cabinets and delivers 4 extra cubic feet, unlocking greater efficiency and productivity.
