High-Viz Yellow Jacket[®] Male and Female Ramps

High-Viz Yellow Jacket® Male and Female Ramps

-
High-Viz Yellow Jacket® 5-Channel AMS® (Advanced Modular System) Accessibility Ramp is a high-visibility, ADA-compliant cable and hose protector designed for heavy traffic areas. Its fluorescent green color with SafeRay™ Technology ensures superior visibility day and night. The modular design allows for easy expansion and quick cable management, making it ideal for events, construction sites, and pedestrian pathways.

- Modular & Expandable – Add or remove sections for flexible cable routing.
- UV-Reflective Pigments – Glows under low light for safety.
- Non-Slip Surface – Safe for pedestrians and wheelchairs.
- Durable Urethane Blend – Resists crushing, oil, and weather damage.
- Easy Installation – No special tools required; ramps snap into place.

- For safeguarding cable and hoses, reducing tripping hazards and preventing cable damage, breakage or power interruptions in industries like construction, events and industrial facilities.

Recommended use

- High-Viz Yellow Jacket® Male and Female Ramps
